REPORT

Program Title : Poster Competition on "Gender Equity" (dt. : 5th Feb 2020)

	Boys	Girls
No of Attendees	11	24

We need gender equity now. Those are words often uttered in social justice circles, and recently, across a number of headlines. What does that mean? More broadly, how is gender equity different than gender equality?

If gender equality is the end, gender equity is the means.

Gender *equality* "does not mean that women and men will become the same, but that women's and men's rights, responsibilities and opportunities will not depend on whether they are born male or female."

Gender equity means fairness of treatment for women and men, according to their respective needs. This may include equal treatment or treatment that is different, but which is considered equivalent in terms of rights, benefits, obligations, and opportunities.

When we talk about opportunity, we're talking about ensuring opportunity is not limited simply on the basis of gender. We are talking about correcting for gender biases so that economic outcomes improve for all.

To create such awareness among students Women Development Cell of the Institute arranged a poster competition on 5th Feb 2020. The topic given was "Gender Equity ". Total 7 entries received for the competition. Three winners were declared. Certificate will be given to the winners at the time of Annual Function of the institute. A program was arranged for this competitions. President of WDC Mrs. Rane P S expressed her thoughts on this topic. Also BE Computer student Ms. Mayuri Parab expressed her views on this topic. Vice Principal Mr. R.D. Thombare appealed to the students that not only in the institute but also to the society we should extend our help to create such awareness.
